

Washable, Reusable
& Odor-Free

Microwave Activated
MediBeads®

Natural, Drug-Free Pain Relief at Home.

Simply microwave and apply for moist heat therapy . . . relief begins immediately!

Safe & Effective

The time-released moist heat from MediBeads delivers therapeutic levels of treatment for up to 30 minutes. Select styles can also be frozen for effective cold therapy. Non-toxic.

Clean Through a patent-pending process, MediBeads produce "clean moist heat". MediBeads remain odor free and will not support mold, bacteria, or fungi growth.

Convenient Ready after just 1-2 minutes in the microwave. MediBeads naturally and continuously replace moisture so there is no need to add water.

Easy to Use Simply microwave and apply for moist heat therapy. Unique wrap designs can be used during normal activity or range of motion exercises. With proper care they will last for years.

MEDIBEADS® TECHNOLOGY

Patent-pending MediBeads are washable, reusable, odor-free and will not support bacterial growth. They draw moisture from the air and release it as clean, deep-penetrating moist heat when microwaved . . . no need to add water!
